

Conference with RIB orientation, pentathlon and dinner in archipelago environment

We leave from center of Stockholm in RIB boats and start a RIB orientation. Who get to the goal the fastest and get the most correct answers wins. Once we arrive at one of our destinations, we have lunch. We continue and start the pentathlon, everyone can join. During the afternoon you have access to kayaks, SUP, sauna, and hot tub for those who want. Drinks, snacks, and fruit are available. In the evening, a good dinner is served in one of the archipelago's charming restaurants. At dusk we take the RIB and with high speed on flat water return to Stockholm center. A nice teambuilding event that creates a lot of laughs and memories.
